

science lab & stools

A staple in school labs nationwide, National Public Seating offers the perfect Stool for every need. Now matched to the Chem-Res Science Tables, we offer the complete package.

Built with a heavy duty 18-gauge frame with four spot welds connecting the foot ring at each leg, our stools are built to last.

Choose from our bestselling **#6200 Series**, built with a masonite hardboard seat, or the **#6400 Series** padded seat. Optional chrome-plated adjustable height legs and/or adjustable backrest provide a myriad of options for your venue.

Also available is the **#6300 Series** square stools and **#6500 Adjustable Height Series**, which swivel 360° on a round padded vinyl seat, most popular for industry and material handling applications.

Matched to our high quality **Science Tables** in twelve sizes, we now offer a complete science lab package. Tables offer a choice of book compartment or standard — both included with an industry top-of-the-line ashwood frame and legs. Now available in 36" height as well.

REINTRODUCING ...

elephant Z-stools
